

COMPENDIUM PLATE

design Daniel Rybakken

Type: Ceiling/wall
 Light source: LED 39W 2700K CRI 90 3.825 lm
 LED 39W 3000K CRI 90 3.927 lm
 Product use: Indoor
 Materials: Brushed aluminum, injected thermoplastics
 Colors: Black, brass, aluminium
 Description: The external profile in brushed extruded aluminium conserves the slim original thickness, creating a surface almost flush with the wall. In spite of its extremely slender design, Compendium Plate provides extraordinary lighting efficiency combined with a clean form and extreme elegance.

Insulation class and marks: IP40

Rating: 120 - 277V
